

# Michigan Math Club

Meeting [virtually](#) for the remainder of the Winter 2020 term, Thursdays at 4pm EDT

## Tackling gerrymandering with math

Olivia Walch

09 April 2020

Olivia drew the awesome cartoon on the back of the math voting t-shirts!

The 2020 Census is here, which means that soon it will be time for another redistricting cycle. In this talk, I'll survey metrics that have been proposed for evaluating districting plans, as well as the pitfalls that often come with these scores. I'll also discuss some emerging research in the mathematics of redistricting, including my own work.
