Michigan Math Club

Meeting <u>virtually</u> for Winter 2021 Thursdays at 4pm EDT

Greg Muller U(O)

15 April 2021

Are you better at factoring than flirting? Have you broken more curves than hearts?

No more!

In this talk, you can finally learn how to use mathematical problem solving to solve the most intractable problem of all: the human heart. With these PATENTED* techniques, you too can choose the optimal suitor, stay happily married, and avoid romantic discord!

*Not patented.
